MARKETING COPY: Harkening back to the exciting period when the Telecaster was a "new-fangled" instrument with surging popularity, the 1953 Heavy Relic Telecaster combines the sound and style of the past with modern features and playability. The lightweight two-piece ash body wears a carefully aged nitrocellulose lacquer finish, giving it the look and feel of a road dog that's only seen the inside of a case once or twice during its service.

Hi Again

I have recently purchased CS Tele 53 Relic... R16414

I wondered if you're able to send me a copy of the traveller document for it ?

Thanks

Julian
